# IN APPRECIATION

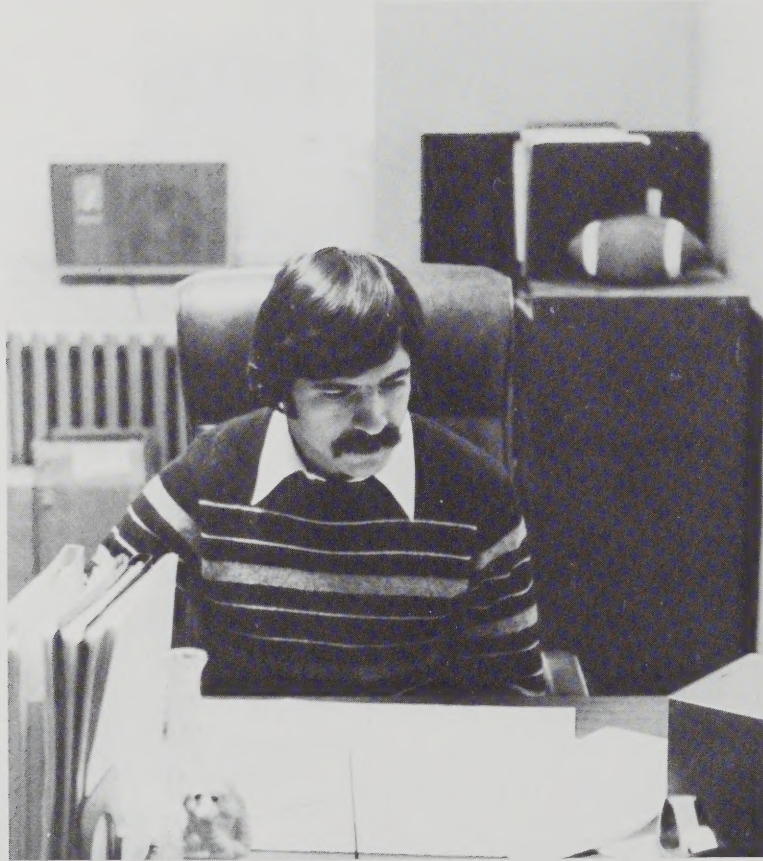

Mrs. Margorie Berry

For years now there has been one figure familiar to all who have attended Luray High School. Margorie Berry has at various times been a teacher, guidance counselor and friend to many a student and administrator alike. This year she returned to LHS as a math teacher. Mrs. Berry has shared her talents with the students at the high school for a long time and we would like to acknowledge her assistance and thanks for serving Luray so faithfully.

# PERSONNEL

This year Luray High School was marked by transitions. The building itself took on a new facade as Construction began in the fall. Within the walls changes were also taking place. The administration lost one of its' most active and colorful personalities.

Tommy Campbell, the athletic director and vice principal accepted a position in another school system and left behind a void which was not easy to fill. His concern and fairness in dealing with student problems commanded respect. He will be missed by both students and faculty and we wish him well.

## REMEMBER WHEN . . .

They took the hinges off Howdy's  
locker.

We all dressed up as hippies.  
James and Cathy got in trouble  
for writing dirty jokes in  
Mr. Down's class.

Howdy couldn't catch a fish  
for biology class.

Patricia sat down and Brian  
pulled the chair out from  
underneath her.

Pam Brubakers zipper came down  
while doing sit ups.

Cathy and Donna pulled down  
Patricia's shorts in P.E.

Mrs. Oates and Mrs. Gordon's  
class was on the Electric  
Company.

Pam Gladwell knocked the fire  
extinguisher down.

Everyone started banging on the  
tables in the library.

The mighty midget was short.  
During a basketball game Cathy  
Painter shot the basketball  
at the wrong basket twice.

## CLASS OF '84

The class of 1984 returned to the halls of Luray High strong in number and full of enthusiasm. Our class officers for the year were: Pres. Jennifer Tutt, V. Pres. Tony Shaffer, Sec. Karen Downer, and Treas. Michele Miller.

We like to think we have succeeded in making our mark in the school history and have earned the title of "Juniors".

The Eighth graders came into L.H.S. with eager anticipation of being part of high school. They contributed a lot of time, spirit, and talent to the various activities of L.H.S. Now that they have grown accustomed to life at L.H.S., they realize that their finest years await them here.

# W E D N

Wednesday isn't a normal day at L.H.S.! An activity period is added to the daily schedule. Various clubs meet on each Wednesday of the month. For example the FFA meets on the first Wednesday, while the Varsity Club meets on the fourth Wednesday.

An intricate schedule allows some teachers to leave their homerooms to sponsor club, while other teachers stay with the students left in homeroom. What seems to be a simple change in routine often results in confusion for both students and teachers.

"Is this the second or the third Wednesday?"

"What clubs meet today?"

"Are you sure the Varsity Club meets today?" At the end of homeroom on any Wednesday, thirty students may rush for the door, leaving a lonely teacher asking:

"Are you sure that you all belong to a club that meets today?"

With all these questions someone always says,

"I hate Wednesdays!"

Laura Gordon, about to cry at the last meeting "AT DAY'S END".

## AT DAY'S END

Is anybody happier because you passed his way?

Does anyone remember that you spoke to him today?

The day is almost over, and its toiling time is through.

Is there anyone to utter now a kindly word of you?

Can you say tonight in parting with the day that is slipping fast,

That you helped a single brother of the many that you passed?

In a single heart rejoicing over what you did or said?

Does the man whose hopes were fading, now with courage look ahead?

Did you waste the day, or lose it? Was it well or sorely spent?

Did you leave a trail of kindness, or a scar of discontent?

As you close your eyes in slumber, do think that God will say,

"You have earned one more tomorrow by the work you did today."?

# LIFE

The only way to start any story, is to start at the beginning.

The beginning of "high school life" starts with the orientation of eighth grade.

Remember being an eighth grader? You were really shy and lived with the constant fear of not being able to open your locker. You never got to eat before the bell rang and you looked in awe at the Seniors. For some of us these are some pretty painful memories, but everyone has to start somewhere.

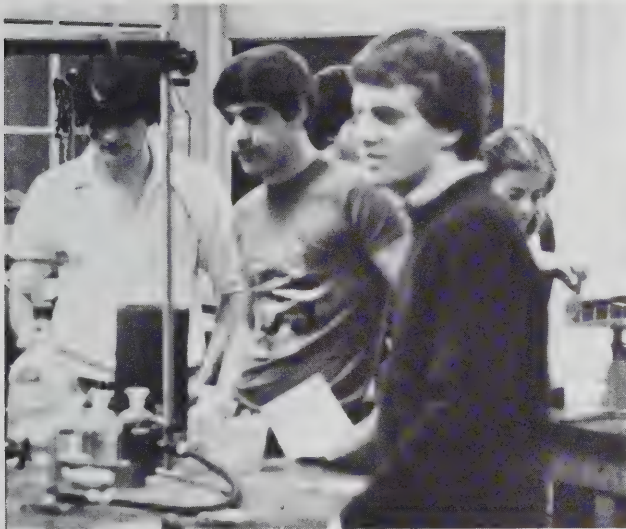

After somewhat adjusting to high school life, many students start their days by associating with their friends before school.

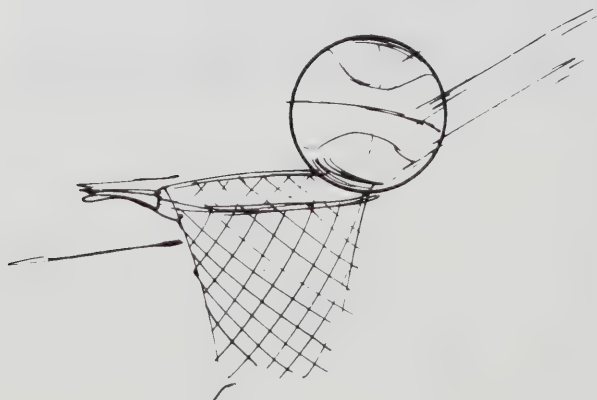

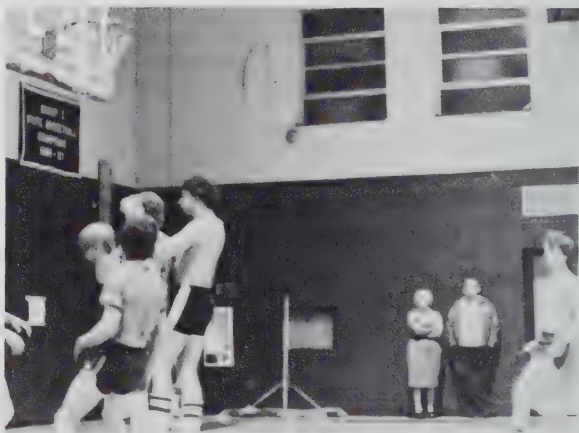

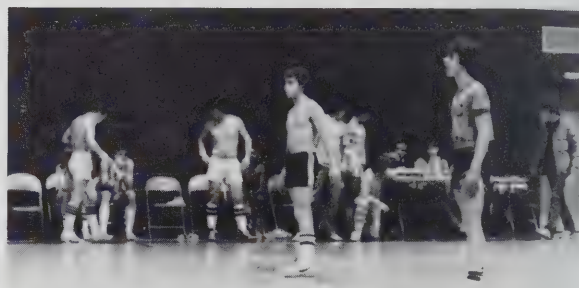

Believe it or not, even the classes you take has alot to do with who your friends will be. For example if you take Building Trades, you'll probably have a different group of friends than if you took French.

Every year the administration tries to do something that will take our minds off our report cards, and give us a chance to have some fun. This year that "something" was the Vocational Tournaments. Each vocational club entered two teams. (Basketball for the guys; volleyball for the girls.)

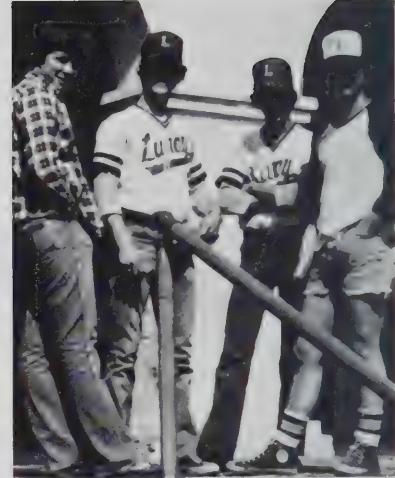

Dances also help to break up the everyday grind.

This year we had a few dances besides the traditional Homecoming and Prom.

Everybody seems to enjoy the dances, especially after basketball games. People can come in and have a good time without worrying if they're the best dressed person there. These dances also mean money for the club that sponsors them. So if everybody gets something good out of the dances, why don't we have more?

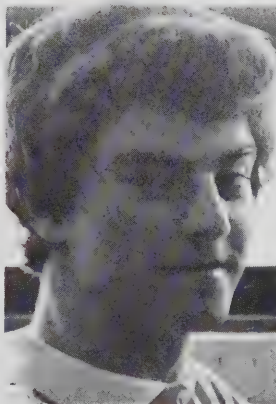

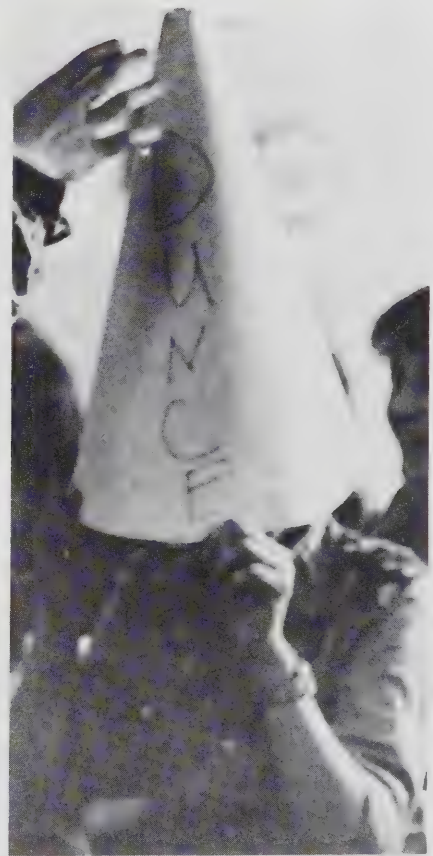

Being in school six hours a day, one-hundred and eighty days a year, it's kind of hard not to make friends. One of the best places to get together with your friends is at lunch. Probably some of the best memories you'll have from school will be of the "lunch table".

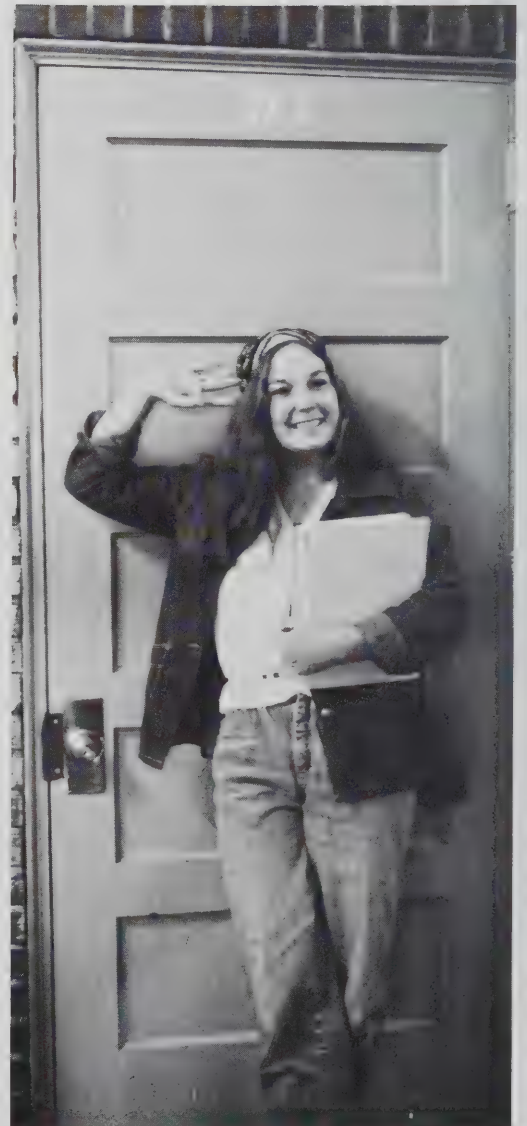

The hardest part of high school is trying to figure out who you are. You're always searching for the real you. You want to fit in but yet you want to be different.

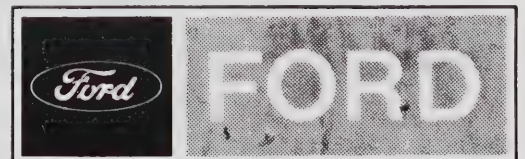

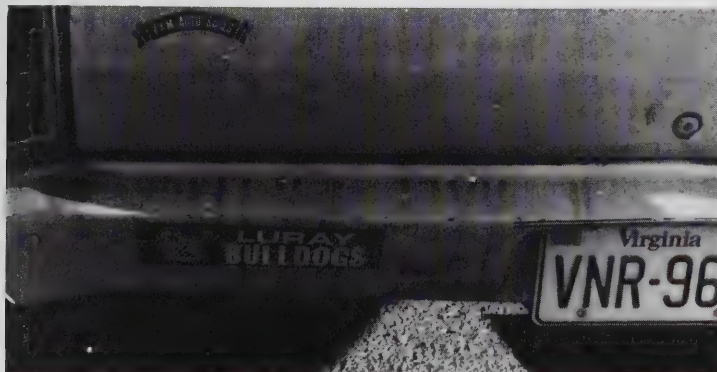

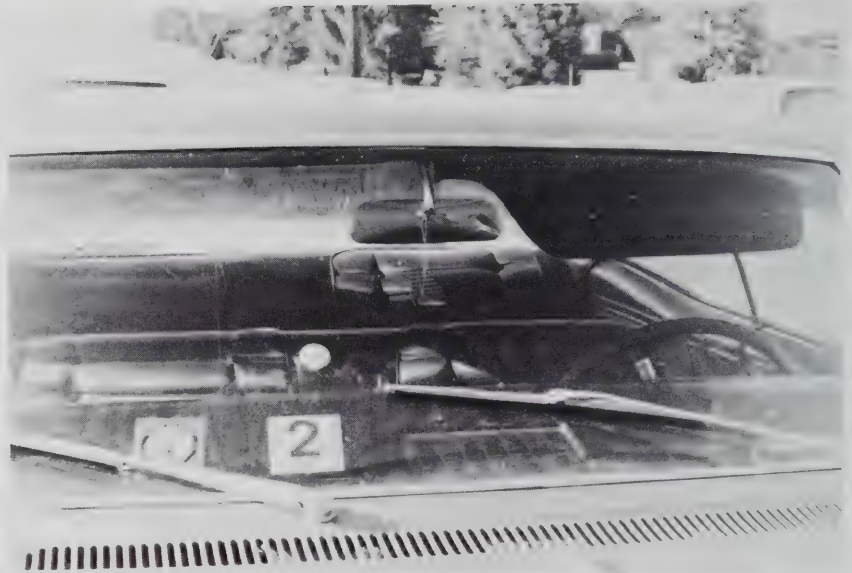

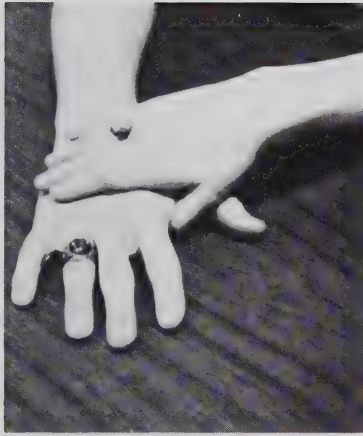

Another very important part of growing up is finally getting your license. There's just something about having your own car and being able to drive to school. Just as no two people are the same, neither are two cars. Everybody puts their special touch into their car to make it to reflect their own personality.

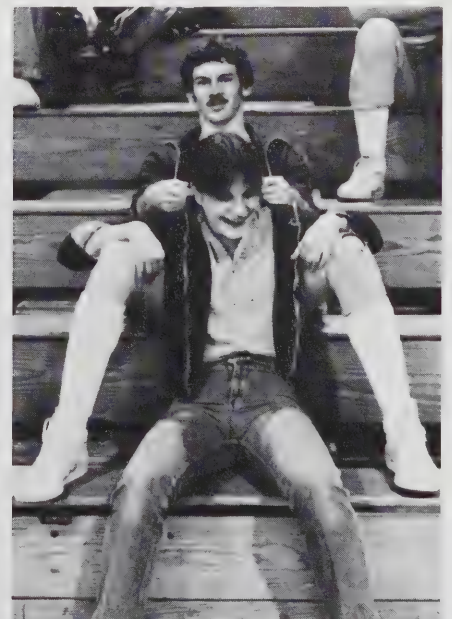

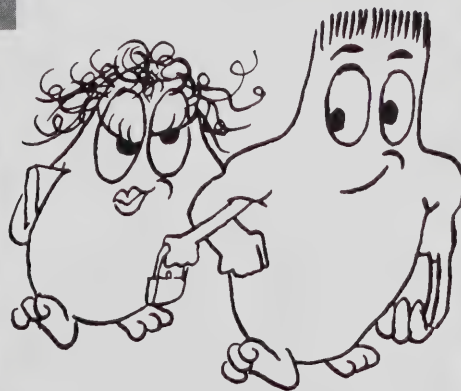

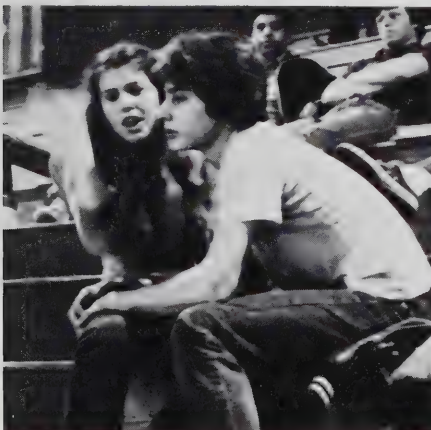

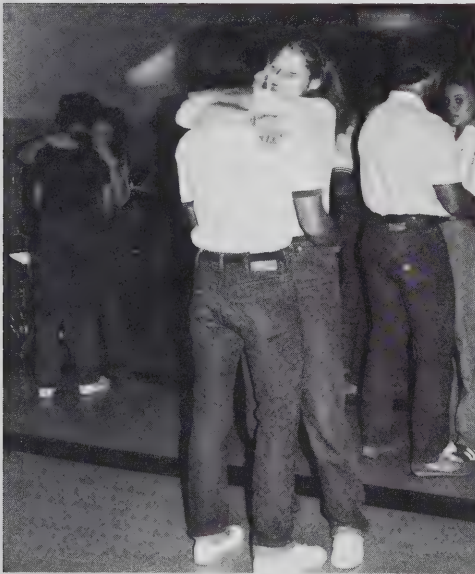

Soon after you get your driver's license, you get your class ring. This is one of the biggest highlights of high school.

Keeping with tradition, this year's juniors got their rings turned eighty-three times.

Alot of people spend their high school days with that one special person.

# CONSTRUCTION

Life at L.H.S. was anything but dull this year because of construction. It all started right after the beginning of school, and it won't be finished until the beginning of next year.

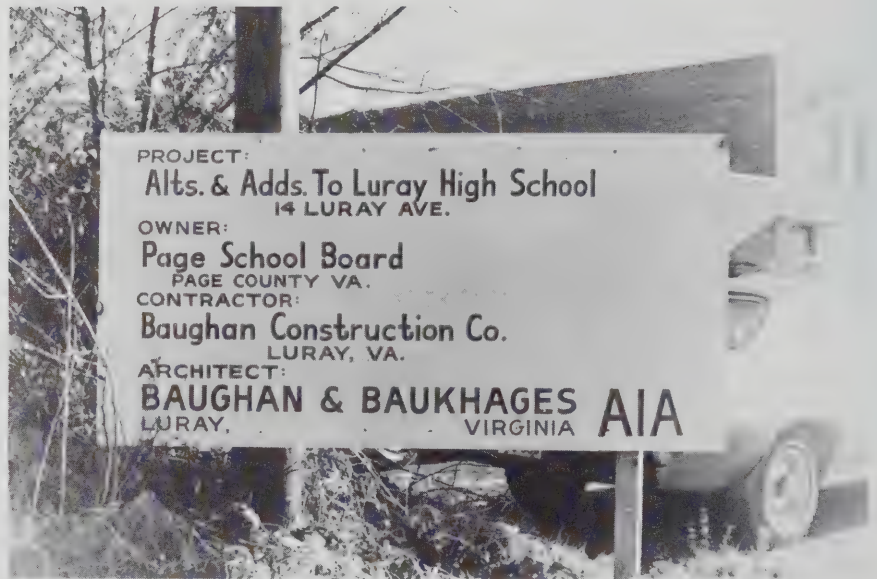

Students learned to adjust to the noise and the mess just like they learned to dodge the scaffolds in the halls. Classes were even changed at the last minute so the workmen could wire the rooms.

The new addition will include a new cafeteria and space for music practice rooms and library.

Inside renovation includes lower ceilings, new lighting, electric heating, a new library, foreign language listening rooms, tinted windows, and space was made for more classrooms.

The administrative offices will be moved to the new addition.

The construction work done this year may have changed the appearance of the building, but the people and the spirit still remains the same.

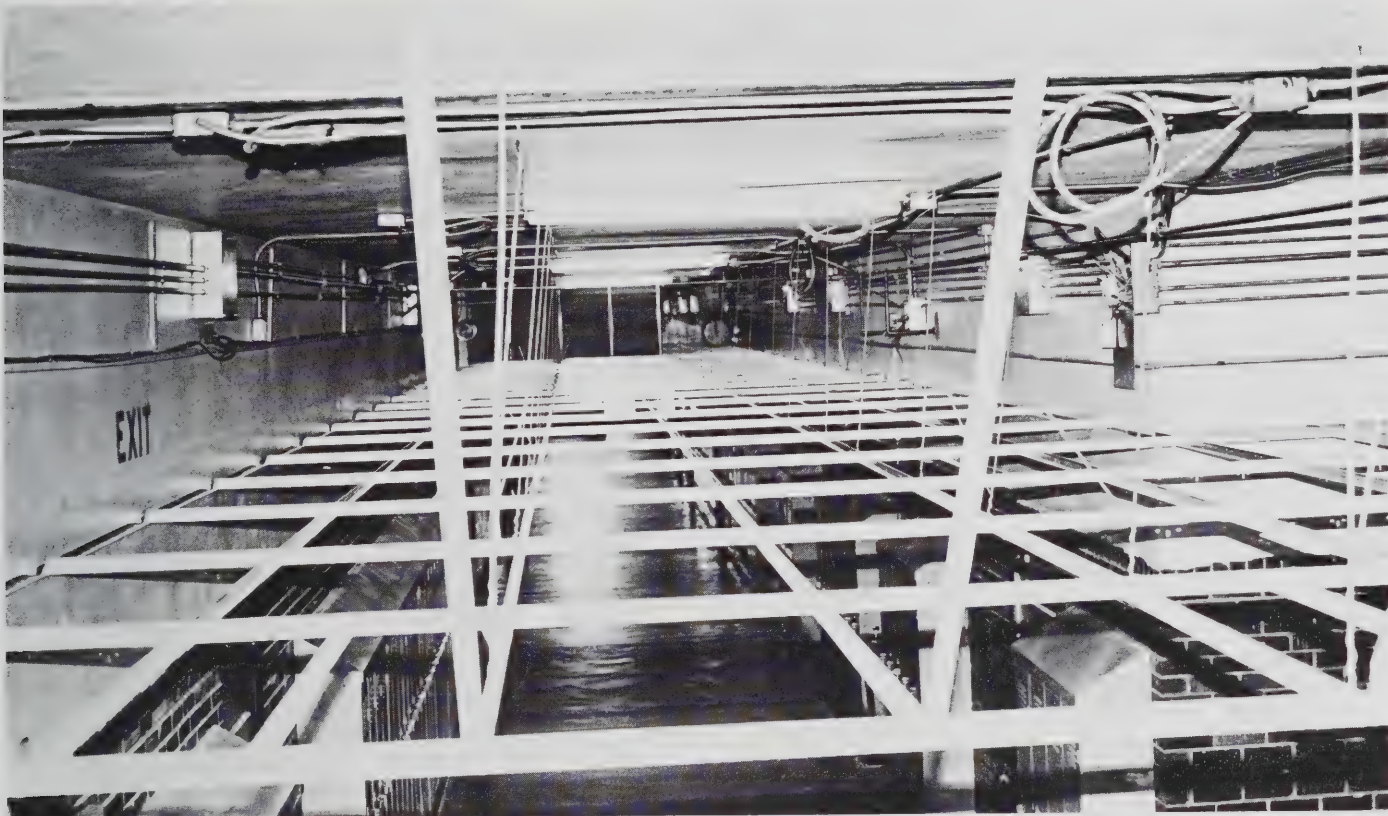

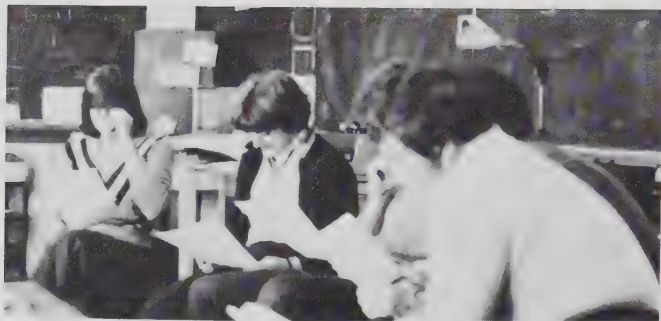

# THAT'S INCREDIBLE

Bill Huffman, an eighth grader here at LHS, accepted the challenge of That's Incredible. He sent in his incredible entry of the Great Stalacpipe Organ in the Luray Caverns. This organ is the only one of its type in the world. A television crew and producer of the show were flown in from Hollywood. Besides Bill, some of his fellow classmates were on the show. Bill was chosen as one of the top eight entries out of 2000 submissions. He is now eligible for the \$2,500 scholarship award to be decided upon in the fall.

# HOMECOMING MONDAY

Homecoming started with much enthusiasm. Classes competed all week long for the most spirited award. Monday was **crazy hat day**. There were two winners for the craziest hat. Pictured here is Kevin Wiatrowski the other winner not pictured was Cynthia Strickler.

# TUESDAY

Tuesday was **lick-um day**. The student bought lollies from the SCA and everyone counted the licks to the tootsie pop center.

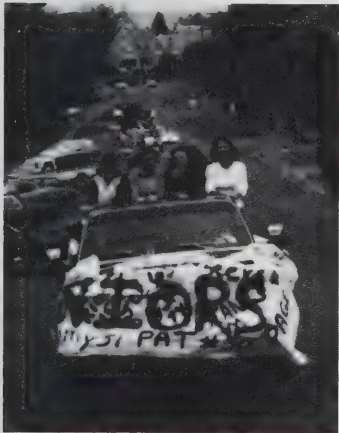

# OCTOBER 19-24, 1982

## WEDNESDAY

Wednesday was a very lousy day for L.H.S. The Juniors won **class dress up day** by dressing as Hippies. The car parade was won by the sophomores and the Seniors shed tears at their last bon fire.

# THURSDAY

On **poster day** the halls were decorated with crepe paper and posters. The senior class won the poster contest for their "cover up" of Bulldog Hall.

CLASS OF '83

Friday was **ma-  
roon & white day**. A big pep rally was held in the gym. The sophomores and the seniors tied for being the most spirited at the pep rally. The most spirited award for the whole week went to the junior class.

Boom! Boom! Out go the lights.

Skeeter tortures the ivory on his keyboards.

On one Monday morning LHS woke up to a different tune. We were treated to a concert by FREE FARE. They are just one of the bands that tours the U.S. out of a religious - based organization called Showcase. The band played up-to-date rock 'n roll music that everyone enjoyed. Not only did we get out of first period for a small concert, but FREE FARE came back that night and really rocked the school. For those of you that don't know, the S.C.A. are responsible for bringing them to our school.

Junior Prom 1982, "We've only just begun", was a big success. All through the night couples danced to the music provided by "Staxx".

Unlike other years there was no grand march because of the large number of students in the Junior and Senior classes.

Walking through a dark hall and over a bridge you were faced with the bright morning sunrise. Within the morning surrounding there was a white gazebo, water fall, and a swing hanging from the ceiling.

# SENIORS GO TO

The class of 1982 traveled to Knoxville, Tennessee on their "Senior Trip".

They left Luray at 1:00 a.m. on May 24th, and returned on May 27th.

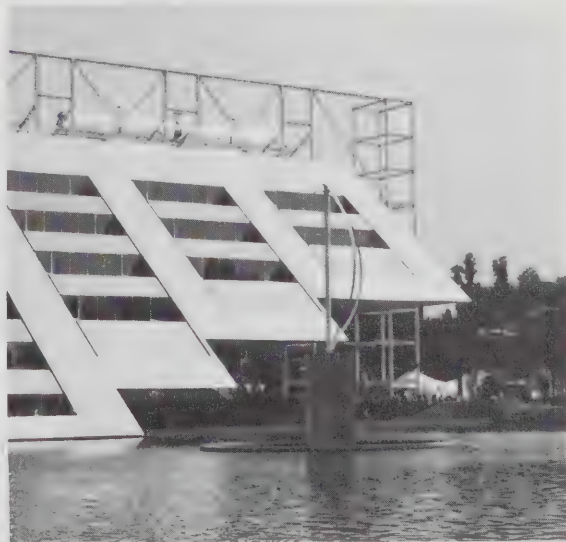

During their stay at the 1982 World's Fair, the seniors had their choice of what they wanted to do. They could spend the day waiting in line to see exhibits, buying souvenirs, riding rides, or just lying by the lake taking it easy.

Most of the seniors did a little of everything, and everybody had a GREAT time.

## ROSLYN LEE BROOKS 1963-1982

Falling Star  
in the darkness of the night  
a trail of dazzling beauty  
lingers from your flight.  
The glory of your journey  
is soundless in the air  
and yet your quiet splendor  
leaves no one unaware.  
Hues of brilliant color  
strewn through heaven's arms  
leave all that you encounter captives of your charms.  
Too soon the sky is vacant  
we look to it in grief,  
as we wonder in the stillness  
why your voyage was so brief.

by Barbara Crews

We remember Roslyn, not only as a classmate,  
but as a very special friend. Roslyn, we thank you for  
bringing your own special "SUNSHINE" our way! We'll  
surely never forget your smile.

THE CLASS OF 82

Roslyn was killed in a car accident on February 26,  
1982.

Jesus,  
you are one of  
the best, friend, if not the  
best, friend I've ever had.  
You've put up with me through  
all that I've tried to  
(~~thank~~) you really didn't  
tell my friend to go to someone  
my nasty things and ~~backstab~~ <sup>thanks</sup>. Tell my friend to go to someone  
force the class to join a lot of great memories and that  
want to know to whom I feel hope I can always have a lot  
to whom I only hope I can hope I've made to do so.  
secrets. I hope you've been to me. We've made to do so.  
and you've been to me. We've made to do so.  
with heartfelt love
